Track Team

Congratulations to all our students who participated in the EIPS invitational race. We are proud of the hard work from our runners lead by the coaches, Mme Rovensky and Mme Piper. A special congratulations to our Grade 4 Girls team who placed second in their race!

TIMMS

Students in Mme Gourley and Mme Rovensky’s class were randomly selected to participate in TIMSS 2019. TIMSS measures trends in student achievement in mathematics and science and studies differences in education systems in almost 60 countries in order to help improve teaching and learning world wide. We are proud of how our students represented our school, district and country!

Strathcona County Wellness Challenge Winners

Throughout the month of March, Mme Lambert and her students participated in a wellness challenge organized by Strathcona County. Students completed 30 minutes of daily physical activity and were required to log their progress. We are very excited to announce that because of their efforts, they won a morning field trip to Millennium place on May 9th. Congratulations 2L!

[Little Elk Island Adventure: Registration](#)

Elk Island Public Schools is once again running Little Elk Island Adventure, a fun and informative program for first-time school bus riders.

Annually, Student Transportation offers the Little Elk Island Adventure to new riders and their parents. The program's aim is to help ease any anxieties a family may have about riding the bus before even starting school. Through a series of activities, riders learn about: school bus safety, danger zones, tips on boarding and how to sit properly on the bus. After that, both the children and parents hop on the bus to practice what they've learned and then venture out on a short ride.

The Little Elk Island Adventure is for first-time school bus riders entering the 2019-20 school year. Sessions and times are available at these locations:

2018-19 EIPS Parent Survey Results Report

The results are now available for the 2018-19 EIPS Parent Survey conducted in March. Thank you to all families who took the time to share their feedback with the Division. The survey included 21 questions related to the three priorities outlined in the [EIPS 2018-22 Four-Year Education Plan](#):

- Priority 1: Promote growth and success for all students
- Priority 2: Enhance high quality learning and working environments
- Priority 3: Enhance public education through effective engagement, partnerships and communication

The overall Division results represent 3,713 responses from parents and guardians across the Division. This was an increase in responses from 2,918 in the previous year. The feedback gathered will help our school and the Division measure its progress toward meeting the priorities and goals outlined in the EIPS 2018-22 Four-Year Education Plan and develop strategies to better serve students and the wider community moving forward.

Complete Parent Survey results for the Division are available by visiting www.eips.ca/about-us/planning-and-results/parent-survey.
