

CBN Weekly Update

Message:

As the school wraps up, we are reminded of the academic, social and emotional growth that all of our students have made this year. This is due to the hard work, passion and dedication from our staff, students and school community.

We would like to thank all of our volunteers that have helped our students grow this year. From volunteering on field trips, to helping out in the classroom, to assisting with hot lunch and parent council, we would have not been able to provide as many engaging learning opportunities without your help.

We would love if you would be able to join us at the Volunteer Tea on Tuesday so that we can thank you in person.

Working with you,
Mme Garneau & Mme Boswell

From the Office

Recess Air Quality

The Air Quality Health Index (AQHI) is the decision making tool for schools to use when determining if outdoor activities should proceed. Whenever the index value reaches the high risk zone (7- 10+) it is recommended that schools choose indoor recess and where possible reschedule strenuous outdoor activities.

Little Elk Island Adventure: Registration

Elk Island Public Schools is once again running Little Elk Island Adventure, a fun and informative program for first-time school bus riders.

Annually, Student Transportation offers the Little Elk Island Adventure to new riders and their parents. The program's aim is to help ease any anxieties a family may have about riding the bus before even starting school. Through a series of activities, riders learn about: school bus safety, danger zones, tips on boarding and how to sit properly on the bus. After that, both the children and parents hop on the bus to practice what they've learned and then venture out on a short ride.

The Little Elk Island Adventure is for first-time school bus riders entering the 2019-20 school year. Sessions and times are available at these locations:

Tools for School

École Campbelltown has once again partnered with the United Way for the 2019-20 Tools for School campaign. Annually, Tools for School provides backpacks and school supplies to students in kindergarten through Grade 12 whose families have limited resources. If you're a parent or know a parent who needs access to the program, contact our school directly. We'll discretely provide the backpack to your child at the beginning of the 2019-20 school year.

Alternatively, if you'd like to donate to the program, you can pick up few extra supplies when you're out shopping for back to school. Drop-off boxes are located at various businesses in the community during the summer months—including Staples and EIPS Central Services office. All supplies donated within our community are invested back into our region.

For more information about Tools for School, contact Shelley Boswell by phone 780-467-5143 or email shelley.boswell@eips.ca . Alternatively, you can call the EIPS Central Services at 780-464-3477.
